## THE STIR IN POLITICS

### Brown May Suffer by Three-Cornered Fight.

The political pot is boiling as lively as if it was over a burner on a Honolulu gas stove. And the end is not yet. Whether Charlie Achi knew he was stirring up a hornet's nest in his speech last Saturday night is not known, but the hornets are buzzing just the same. The facts given in the Advertiser yesterday relative to the disagreement between the factional leaders and the Sheriff were corroborated later in the day and the breach seems to be growing wider as time passes. It has been frequently demonstrated that Sheriff Brown has the bump of stubbornness almost abnormally developed. That being so, his

JOHN C. LANE, LEADER OF THE FIFTH.

intimates do not believe he will yield to the demand of Sam Johnson to throw down Lane. Brown would rather fall with a friend than win without him. But in this case it seems he has two friends, or thought he had, and now that the time has come when he must drop one to keep the other he murmurs to himself, "How happy I could be with either were 'toter dear chamer away'."

FIGHT MUST BE SETTLED.

"There has got to be a change," said a kicker yesterday, "and if it does not come there will be no Brown nominated for Sheriff. I am a friend of Brown's, and will work for him, but he must play fair; he can not carry water on both shoulders, and he must give the Fourth District credit for some of the power that he will need in November. There are other good Republicans in this district who will take the nomination if it is offered them and we are getting in shape to make the offer. Brown says he can not control the police who are under him, so he can not make his promise good to Johnson. It seems that after Charlie Achi made his speech last Saturday night it was carried to Lane that he had said that Brown had thrown him down. The next day there were warm times in the Sunday school class and the heat was directed toward Brown. He was called upon and intimated that he would break with Sam. That meant break with the Fourth in favor of Lane, and we won't stand it."

But the Lane difficulty is not all that the Sheriff has to think over. Out in the First of the Fourth, where the sad sea waves bump against the shore, there is more trouble brewing and Brown seems to be in the brew. It is said discussion is growing there and that there does not seem any way of keeping it down. A man from the precinct says that when Brown heard of the dissatisfaction he sent for one of the Hawaiians, but that the young man turned down the request. He remarked that it was too late now to do anything. In the Tenth of the Fourth is more trouble for the Sheriff and it seems to be really close to the real thing. Bob Pahau and Harbottle are in the thick of the trouble beyond the rice fields.

AND STILL ANOTHER.

Charlie Clarke, the policeman whom it is said in the police station is not a policeman, is leading Willie Crawford and the police court interpreter, according to a story told by another Fourth District man, against a little coterie composed of High Sheriff Henry, Charlie Broad and Willie Kwai Fong, who are against Brown for the nomination for Sheriff. This last-mentioned faction is the nucleus, it is said, of a big and strong opposition to the Sheriff among Hawaiians, and it is based mainly upon the fact of Brown refusing to listen to the advice of his friends to get rid of the station house parasites. This matter seems to have gone so far that it has become unbearable to the voters of both districts.

MORE PROPHECY.

"We are going to beat Vida in the Eighth of the Fifth," said a voter yesterday, "and I would not be surprised if Brown went with him. Lane is cocksure of landing the delegates that will name Vida for deputy, but he should keep an eye for the slip between the cup and his lip. Brown hasn't any more of a cinch than he should have and the opposition to his candidacy is spreading like a prairie fire. We have a man that will beat him if he will accept the nomination. It all depends upon what is done in the Lane-Johnson matter. I have heard it said that Johnson has his hooks out for the place, but he would not get it if he

should try. There are other men who will be more acceptable and we believe we can get one of them to run. This time it will not be a Civic Federation opposition, but one in which the Republican voters are uppermost."

CLARENCE AGAIN.

Clarence Crabbe is said to have a case of cold feet. His friend and adviser, Mr. Achi, had his promise that he would be present at the labor gathering Saturday night and he was disappointed when he learned that he could not, so for that reason Achi spoke longer than he had intended. If Clarence will give up the running for the sheriff's place Achi has one or two men to accept the nomination. One of them is a white man and the other is a half white, and a mighty good half white he is, according to reports. "I am to see Mr. Crabbe tonight," said the Senator yesterday, "and we will talk over the situation. It may be as well for him to run for supervisor and he may be pleased to keep out of the campaign altogether. I was disappointed that he did not come to the meeting on Saturday and that is the second time he has disappointed me. I was told that it was on account of the illness of his wife. The rumor that Clarence and I have broken is not quite correct. If he stays in the fight against Brown I will be with him and I will not give my support to anyone else as long as Clarence wants to run. If he stays out of it, and if by any chance Brown should not get the nomination from his party, I will support any good man the party puts up. I am not against the Republican party but against Brown and the people he has around him. I believe we can get a better man and when the better man comes better assistants will come with him. I have been told that there is a chance, now, that Brown will not get the nomination and that Vida is booked for the knife in his own precinct. That may be correct but it does not sound real to me, there is something too funny about it to be true. If they will cut Brown out of it they may count on my and all of the support I have at my command."

But Crabbe has told a committee he will run if he has only one delegate behind him.

NOMINATIONS ON FRIDAY.

There will be a selection of the men to be nominated as delegates at the meeting of the various precinct clubs next Friday night. This fight has come at the right time and if the knife is to be put into Brown the hit will be seen sticking out in the result of the election. The break with Sam was the talk of the town yesterday and there is a strong indication, if the guides speak truly, of the downfall of the police machine and the elevation of the road machine. But, as a gentleman has remarked, "Honolulu is in the hands of one of the best organized machines in political history of the Territory. Another one equally well organized is ready to fall into line in the event of a clog slipping and it is for the public to say what is going to be done about it, which machine they prefer."

A RELIABLE REMEDY FOR DYS-ENTERY AND DIARRHOEA.

As the season is at hand when diarrhoea and dysentery are prevalent a reliable remedy should always be kept in the house for immediate use. The success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel trouble, has brought it into almost universal use and the following letter indicates it is giving satisfaction in South Africa. Mr. J. H. Morris, Chemist at George, Cape Colony, says: "I have stocked Chamberlain's Remedies for some years and find them thoroughly salable, and in all cases answering the purpose for which they are intended." For sale by all dealers and druggists; Benson, Smith & Co., agents for Hawaii.
